

VISIONGUARD EDGE

AI-POWERED MSME QUALITY INSPECTION REPORT (OFFLINE PROTO)

Inspection ID	120	Date/Time	2026-08-20 12:32:17
Product ID	PCB-1047	Model Version	YOLOv8n-PCB-v1.0

■ **QUALITY PASSED (PASS)**

Visual Classification Check	None (No visual anomalies detected)
AI Inference Confidence	97.4%

Inspection Visual Record

Visual image capture reference was not archived or is unavailable.

Industrial Quality Recommendations

- Proceed to next assembly or test stage. No physical work required.
- Record logged in database. Continues feedback diagnostics to dashboard.

Notice: This report is generated automatically by VisionGuard Edge AI Prototype engine for hackathon review. It is intended to serve as a design framework for industrial IoT quality systems.
